The British Lion Don't Like It.

By Cable to the News.

LONDON, Nov. 4th.—The Pall Mall Gazette, in an editorial this afternoon, comments with some bitterness on what it regards as a threatening dispatch addressed by Secretary Evarts to Mr. Welsh, American Minister to England, concerning the fisheries question. The Gazette professes to see in this dispatch a disposition on the part of the United States to take advantage of the present condition of England's foreign relations, to force her to give way. The Gazette says: "Nothing else was to be expected, and for our own part we are inclined to thank Mr. Evarts for teaching our countrymen that nations generally are no more inclined to forego their advantages over one another in the 19th century than in the 16th or 1st."

Zamacona, the Mexican Minister at Washington, has information that peace now prevails throughout Mexico, and that that government is acting in good faith in its efforts to maintain the integrity of the border. Mexico is disposed to enter into a convention for joint military protection of the Rio Grande, but will not while United States troops are allowed, as at present, to cross it.

The third installment of the award to American claimants by Mexico will be promptly paid in January.

Let Her Not go Unaided.

Correspondence of the News.

WARRENTON, Nov. 2.

Dr. Ward's truthful and soul-stirring appeal to the ladies of Warren, and to those of the surrounding country of North Carolina, for the relief of Mrs. Flanagan, of Warrenton, who did so much for our soldiers, is applicable, and obligatory as well, to the ladies of other counties and States in the late Confederacy. For instance, while a South Carolina Regiment was resting in front of her palatial residence in Richmond, during the late internecine war, with that intsinctive sagacity and sympathy —common to woman alone, she threaded the ranks of those patriotic heroes, and found that many of them were sore-footed and shoeless. Soon thereafter a dray load of shoes, 250 pair, was scattered along the lines at her own expense. Men and women of the South, pray let not this good old lady suffer for the necessaries or comforts of life.

and Surg. of Confederate Army.

Uses of the Electric Light.

The utility of the electric light for ocean steamers was forcibly illustrated during the last voyage of the Faraday from New York. During a thick fog near the banks of Newfoundland, at 10 o'clock at night she suddenly discovered a large emigrant sailing ship immediately under her bow. The brilliancy of the electric light revealed the danger just in time to enable the captain to reverse the engines, and the two ships passed each other at a distance of a few feet. The lantern ordinarily used could not have penetrated the fog sufficiently to have avoided a collision, and more than a hundred lives would have been lost.

How it Looks at Headquarters

By last night's mail from Washington the information comes that reports from the various States and Congressional Districts in which elections are to be held to-day, received at the headquarters of the democratic congressional committee, leave no doubt of a complete democratic victory in most of the States and districts. The democratic majority in the next House will not be less than forty. Leading republicans already concede a majority of thirty. Intelligence from Pennsylvania is highly favorable, and indicates that the republicans will be defeated by the democrats and greenbackers on the State and legislative ticket, giving the democrats the election of a successor to Senator Cameron. The latest reports at republican headquarters concede that the democrats will elect one member of Congress in New Hampshire, and that the democrats and greenbackers will elect a majority of members of the legislature, which will give them the choice of a Senator to succeed Wadleigh.

A New Calendar.

Thirty days hath September, if we the almanac remember. Then comes October, brown and sere, the month we chills and fevers fear.—Erratic Enrique. And then November, month of rains, when one is full of aches and pains.—Meriden Recorder. You are all wrong, although it 'tis true November maketh the nose quite blue. December comes, with frosts and snows, and give us chilblains on our toes.—Bradford Breeze. And January with it thaw—no cash on hand from which to draw.—Detroit Free Press. Then February with bracing air, so cold that wicked sinners swear, and even Christians tear their hair. And then bold march with piercing winds that whistle 'round a fellow's shins. Now fickle April takes its place and gladdens everybody's face. But soon the gods of wind and rain conspire to raise the very Cain, and when the thirtieth day is gone we gladly welcome May-day morn. Go on, gentleman!—Boston Post. Then comes the welcome days of June, when lovers sigh beneath the moon. And after these the warm July, when old Sol blazes in the sky. And sultry August follows fast; September comes again at last. Begin once more.

Petroleum as Fuel.

The recent invention by which petroleum is used as a fuel will work a great revolution in iron, steel and gas manufacturing. The time in which iron can be melted is reduced from two hours to ten minutes. Furnaces will no longer need to be cooled every day to replace the firebrick, but will run for three months. A heat of 4.000 degrees can be kept up as long as desired. The effect of the invention will be felt not only in manufacturing industries, but also in the oil trade and in the development of the oil lands. This trade has long been depressed. The inventor of the process and his associates now propose to take all the surplus petroleum that is produced. The invention of a means by which the world can profit by a new and superior fuel, is one of the great achievements of the century. It is probable that the uses to which the new fuel may be put will be found to be much more numerous than those for which it is readily perceived to be adapted. If the sphere of its usefulness does not widen with experiment, it will differ in its history from similar inventions.

A Trade in Coolie-Slaves.

Washington Star

The attempt of an enterprising speculator to ship coolies at the rate of ten thousand a year from Trinidad and Demerara into Havana, has been nipped in the bud. The disappointed trader in human flesh was naturally enraged. He sued the coolies for breach of contract, and brought a criminal action against the British consul who interfered with his plans. But his speculation has proved a failure, his coolies have been shipped back to Trinidad, and his faith in the protection of the laws is shaken.

Current State Topics.

The Home discusses of the future of Charlotte, real estate owners in that city are urged to employ their capital in building factories and promoting mechanical interests. The Home complains that too much is employed in merchandizeing. Prosperous, enterprising, public-spirited "Charlotte has reached a limit beyond which she cannot advance without some new departure in business operations."

A Shocking Shame.

New York Mercury.

Wax is put to queer use in Vienna. The belles of that capital wear throats made of it. Several years ago a noted actress, while playing in this city, beat the Viennese belles. She had been blistered for a cold, and got an artist to paint her a bosom, which she actually wore, while personating Juliet, over the fair breast rudely assailed by Spanish flies. Some of the critics alluded to her swelling and beautiful bosom with all the enthusiasm of true artists, while the puritanic writers denounced her low neck display as a shocking infringement of modesty. Wax has its wonders, but paint is more wondrous.

Tea Growing in America.

The London Grocer argues that the great Sacramento valley of California is the future tea field of the world. In twenty years from now it will supply the new continent, and in course of time will send large consignments to Europe. The valley is 450 miles long by 50 broad, where no rain falls; it is watered by heavy fogs, which roll in from the Pacific ocean, and any climate can be had. It is along the base of the Sierra Nevada range of mountains that the Chinese and Japanese are now busy cultivating the tea plant with marked success.

French Thriftiness.

The rapid accumulation of national wealth by the French lies, according to the London Spectator, in the fact that the land in France is divided into small farms, which are owned as well as worked by the peasantry. Says the Spectator: "Whatever the other consequence of equal partition in France, it certainly has developed the passion of industry to an unprecedented degree. The French peasant owning his land, works and saves as no other man works and saves; certainly not an Englishman, who, though industrious, has not acquired from the possession of property the instinct of thrift." In the past seven months deposits in the French savings banks have increased by $50,000,000, and it is said the government can obtain all the money it cares to take more cheaply than at any time in the last thirty years.

STATE NEWS.

—Jim Green, the murderer of Baskerville, at Hamlet, a few days ago, has been caught, and is now confined in the Wadesboro jail.

—Rev. N. B. Cobb, an eminent educator, has accepted the Presidency of the Judson Baptist College, Hendersonville. The Pee Dee country is loath to give him up.

—Valuable gold quartz has lately been discovered in Catawba county. Specimens shown to the American were very rich. The mine is owned by Noah Barringer.

—The notorious Jim Heaton broke Wilmington jail Saturday night, and is now at large. He is charged with embezzelment while clerk of the court of New Hanover county.

—Mr. William J. Wilson, of Haywood county, the Lincolnton News says will be a candidate for the office of enrolling clerk of the next Legislature. Mr. Wilson has served one term and made an efficient clerk.

—At the regular monthly session of the Wilmington Historical and Scientific Society on Monday next, Mr. Henry Nut, one of the oldest residents of the city, will read an interesting paper on "The Early Times of Wilmington."

—A specimen campaign lie in the 7th District: The Winston Republican says: A gentleman writing from Salisbury says Democrats there are offering to bet on Brower's election. From every quarter in the district, comes the same intelligence.

—Diptheria has made fearful ravages in Mecklenburg and the surrounding counties. The *Home* mentions a sad case. Four bright and promising children of Mr. S. D. Burgin, of Lincoln county, died in a short time of each other.

—The Charlotte Home makes the timely suggestion that a law for the prevention of cruelty to animals is needed in this State. A man who is mean enough to tyranize over dumb animals, the Home thinks, ought to be punished by law.

—The Asheville Citizen copies from the Dispatch a two column notice of a brilliant wedding in Richmond. The high contracting parties were Mr. Carlisle, of Washington, and Miss Kate Thomas. Mr. James Thomas, the bride's father, is a wealthy and well known tobacco dealer and manufacturer.

—The editor of the Asheville Citizen, who visited our State Fair, and is a practical agricultualist says, "that under all the circumstances it was most creditable, and Col. Holt, President, Mr. Denson, Secretary, and the Executive Committee deserve great credit for this result."

—He not only refused to vacate the house, but struck his landlord over the head with a gun barrel inflicting a wound from which he is not expected to recover. This happened near Stoney Point Church, Alexander county. The slayer, Norman Hines, the American says, has fled.

—Statesville will organize a company next Thursday to build a railroad from that place to the Virginia line at some point in Surry county. The route has been surveyed and declared to be entirely feasible. All the enterprise needs to make it a success is money. Application will be made to the next Legislature for convict labor.

—Under the energetic direction of Mr. Gaither Hall, a prominent Hickory merchant and a zealous churchman, the Presbyterians of that enterprising western town, have erected a handsome church edifice, at a cost, the Press says, of $2,000. The dedicating sermon was preached last Sunday by Rev. R. Z. Johnson, of Lincolnton.

—As elsewhere said the Cabarrus farmers are noted for good farming. The Concord Sun refers to Mr. John McDonald's farm as a specimen, and says that a six acre field seeded in wheat will yield 30 bushels per acre. In addition to this he has fine grasses and a lot of beautiful South-down sheep, and a pond full of nice fish.

—The traveling public will rejoice with the good people of Newton in the change of the road bed of the Western North Carolina Railroad, which avoids a sore inconvenience. The *Press* says, "when this work is completed there will be no more running *in* and backing *out* and backing *in* and running *out*, for the train will then run by Newton as respectably as it does any other place on the road.

—How big they grow down in Halifax. The Wilmington *Sun* says: Messrs Tilly & Melton have on exhibition at the city pound nineteen head of cattle, which they bought of Nick Long and Al. Propst, of Halifax county. The entire lot took the first premium at the Weldon Fair last week. Among the lot, are two steers; one weighs 2,260 pounds and the smallest one, 2,150. They are of gigantic dimensions and when paraded through the streets yesterday evening, of course attracted a great deal of attention.

—The Charlotte Observer wants a tax of at least $2.00 per head on every dog in the State. In the opinion of our well informed cotemporary the constitution is not in the way. *Arguendo*: Are not dogs property as much as sheep, hogs and cattle? and if not, why not? Municipalities (Wilmington, Charlotte, Raleigh, and perhaps others in this State,) levy upon them specific taxes, as property, and we have never heard of the payment of the tax being refused by any owner upon constitutional grounds.

—The Israelites of Wilmington are distinguished for doing good things in the right way. The *Sun* notes, that Saturday afternoon, "the congregation of the Jewish Synagogue, made a presentation of a silver tea service to Mrs. D. Kahnweiler, an estimable lady and one dearly beloved by every attendant of the Temple of Israel, in this city, not alone for her admirable traits of personal character, but also for her earnest working in behalf of the Temple and of her services rendered the choir. Mr. Sol Bear delivered the presentation speech."

—A question that has vexed the people of Hickory has been settled to the satisfaction of that public spirited town —the location of the Chester & Lenoir Narrow Gauge Railroad. The *Press* says. Capt. Dwight, the engineer, is now surveying the route and the convict force will be brought near Hickory to work as soon as the grading is completed to Lenoir, which will perhaps be about six weeks hence. The road will cross Catawba river about three miles North West of Hickory, and about one half mile above the toll bridge, will enter the town on the west side, run through the public square parallel with the W. N. C. R. R.

—Edmond Jones, Esq., of Caldwell county, well known in Raleigh and other parts of the State, is named by the Asheville Citizen for the Speakership of the next House of Representatives. Of this deservedly popular and worthy gentleman the Citizen says: Mr. Jones is one of the most promising young men in the State, will be presented by his friends to the Democratic caucus for Speaker of the next House of Representatives. Mr. Jones was a conspicuous member of the legislatures of 1870-71, and 1871-72, and exhibited a talent which must keep him prominent in the politics and history of the State. If elected he would make a capitol presiding officer.

—Next Monday the Charlotte Fair begins. Charlotte and other western papers are enthused over the event and predict the most successful exhibition ever held in the State. Gov. Colquitt, of Georgia, and Hon. J. M. Leach are among the speakers. A plowing contest is one of the novel features of the exhibition. The *Home* advises everybody to come and bring their provisions and have a nice time. The Charlotte people are noted for enterprise and thrift; Mecklenburg, Rowan, Iredell, Cabarrus, Gaston and Lincoln farmers are noted for intelligence and progress. Under the excellent management of Col. Myers the Charlotte Fair ought to be a success.

Death of Hon. Hugh Waddell.

Wilmington Star.

At the residence of his son, Hon. A. M. Waddell, in this city, on the evening of the 2d inst., Hugh Waddell calmly and peacefully passed to his rest, in his 80th year. The announcement will carry sorrow to a very large circle of friends, for he was known and honored throughout the State; but especially in this section will his death be most deeply deplored. Identified by ancestral descent from colonial times with the lower Cape Fear, he represented in his person those noble virtues which characterized the Cape Fear gentleman of the olden time. Lofty integrity, chivalrous bearing, and a high sense of honor marked his course through life. When he entered upon public life few men of his age, few men of any age, surpassed him in that magical influence that sways mankind, for he possessed in a most eminent degree that peculiar magnetism of character that wins affection and disarms opposition. Quick to resent an indignity, either real or fancied, he was at the same time most prompt to make acknowledgment for any error committed, and was at all times and under all circumstances the high-toned gentleman, incapable of an ignoble action.

Mr. Waddell was born at Newfields, Bladen county, on the 21st of March, 1799. At an early age he was sent to the celebrated William Bingham, the founder of the famous Bingham School, then established at Pittsboro, and thence to Chapel Hill, where he was graduated in 1818, in the same class with the late president James K. Polk, Bishop Green of Mississippi, and others who rose to distinction at home and abroad. Shortly after being graduated he began the study of medicine at Fayetteville under Dr. Scott, a distinguished graduate of Edinburgh, but finding it not agreeable to his taste, he soon abondoned it and turned his attention to the law, and was licensed to practice in 1823. In 1824 he married Susan, daughter of the Hon. Alfred Moore, and settled at Hillsboro, Orange county, where he entered upon the race of life with such men as Hawks, Graham, Mangum, Badger, and others. There were indeed intellectual giants in those days, but he ranked high among them and always had a leading practice in his profession even against such competitors.

In 1828 he began his political career, and was elected to the House of Commons from Orange county. He was always a popular favorite, and continued to represent the county for thirteen years in each branch of the Legislature, and in 1836, the first time he became a member of the Senate, he was elected Speaker of that body.

In 1857 he removed to Wilmington, and in conjunction with his son, Hon. Alfred M. Waddell, member of Congress from this District, practised law for several years, until the infirmities of age compelled him to retire from the active duties of his profession.

In his professional life he carried with him the amenities that gave such a charm to his social intercourse. He was always courteous and urbane, and studiously regardful of the feelings of others. He was a connecting link between the present and the past, a landmark of the old and better times which have passed away forever. We shall miss his courtly greeting, his pleasant jest, his store of anecdote, and sparkling fancy; we shall miss his words of wisdom and generous encouragement, for the breed of such noble blood is nearly extinct.

To his family and friends he has left the heritage of an unspotted name, and at the ripe age of fourscore years has been gathered to his fathers, leaving behind him the record of a long, a useful and an honorable life.

"The great mountain must crumble;
The strong beam must break;
And the wise man wither away like a plant."

Our Financial Strength.

N. Y. Mail.

It is a magnificent demonstration of our financial strength that during the first nine months of the present year there has been a virtual payment of about $200,000,000 of our foreign indebtedness, as is shown by the difference between the value of our exports and that of our imports. A people whose resources and productions enable them to thus "put their house in order," against the straining time of actual Resumption, need have no fears as to the result.

Randolph County Fair.

Randolph Sun, Nov. 2nd.

We have not time nor space to enumerate all the articles on which premiums were awarded. The carpets and quilts, needle work and patchwork canned fruits, wines, jellies, pickles and the et ceteras of floral hall were two numerous to itemize. We will only add that the Fair may well be regarded as a success. Though not so large and attractive as it might or should have been, the agricultural products on exhibition were excellent and reflected much credit on the farmers of the county. The live stock department was larger than ever before, and the ladies' department was well represented and displayed much artistic taste and skill.

J C Fuller was elected President for the next year. He is a live man and a model farmer, and we trust every farmer in the county will co-oporate with him in making the Fair yet more attractive and more profitable.

A Plain Fact.

It is not pleasant to contemplate the lack of law and order and protection of human life in the Northern States, but when tramps can invade school-houses in Pennsylvania, outrage a female teacher, cut her tongue out and leave the poor creature to die, we think the Republican organs of that State, which are so intent upon discovering "Southern lawlessness," should attend to the protection of the defenseless Pennsylvania citizens more sedulously. That must be the sober opinion of the whole country, too.

A Remarkable Result.

It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Cosehee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by all Druggists in America. *

Another consignment of nice North Carolina Hams. Call soon or they will all be sold. If you have any cotton, corn, meal, flour, or any kind of country produce to sell send it to the undersigned; he will guarantee highest prices and make prompt returns. D. T. Johnson, Wilmington street. *

Meal, Corn and Mullets.

Messrs. A. C. Sanders & Co. received on yesterday fresh mullets, nice white meal, and sound old corn, on consignment. Call on them to-day for bargains. They always sell on arrival if possible. Send your cotton to them if you want the best prices the market affords. *

Cotton a Specialty.

Having devoted special attention to purchase of cotton for the past 12 years, we have acquired a thorough knowledge of the business, and are prepared to promptly execute all orders entrusted to us. We guarantee correct grade and highest market prices. Special attention paid to orders from North Carolina factories. M. T. Norris & Co., Raleigh, N. C. *

Quite a Mistake.

We said in yesterday's paper that "all the grocers in town say their customers will not use any other Baking Powder but Jones' Unrivalled." This was quite a mistake, as the Patapsco Baking Powder has a great reputation here, and nearly every grocer in town keeps it in stock, and the demand for it is daily increasing. Merchants can be supplied at wholesale by W. H. Dodd, corner Wilmington and Martin Streets. *

Solid and Good.

Eternal Fitness.

Of all the men who by good nature and good fits have won themselves a far and wide reputation, that jolliest and best of Tailors, Chris. Weikel, is the leader. No higher compliment can be paid a well fitting suit than to say he made it. Those who would like to be Beau Brummels or D'Orsays, can be so by getting suits at Weikel's

The Smokers' Paradise.

The delights of this elysium have been sung by many of the devotes of the weed. But none are so competent to speak of its blisses as those who purchase their tobacco and cigars from the elegant little store of F. Gruendler, opposite the postoffice. *

New Arrivals.

Potapsco, Orange Grove, and a heavy lot of North Carolina flour, just received. N. C. hams, shoulders, sides, choice Virginia apples and chestnuts on consignment, at Latta & Myatt's, Barbee & Latta's old stand. *

Having a more extensive stock of Furniture than our facilities would accommodate, we have found it necessary to enlarge our borders. We have opened a new store on Martin street, in the stand formerly occupied by W. A. Myatt, and will (in connection with our Fayetteville street store), carry a full line of furniture of every description. W. H. Morris & Co. *

I see by the News that Gimlet and Corkscrew have been to see Brewster to buy hardware; having been there to buy other goods. I find tinware and crockery in abundance and all very cheap; in fact, so cheap that I nearly bought myself rich. But I will tell you what is a fact, Brewster's goods were so cheap and he had so many of them, that I spent all my money and couldn't go to Weikel's, but will go and see him soon and have a talk about Corkscrew and Gimlet. WASH BASIN. *

Levy's Champion Shirts cannot be excelled.

The National Hotel.

By some means unknown, a report has been given circulation that this fine house would speedily be closed. Never was there a rumor more utterly unfounded. The hotel will continue to be, as it has been, first class in its accommodations and living. The traveling public are asked to test the truth of this, and will always receive a ready welcome. *

Cigars at Wholesale.

My facilities for handling cigars at wholesale are unsurpassed by any house in the State. I can offer inducements to dealers throughout the State and invite enquiry both as to quality and price. J. H. Sultan, Newberne, N. C. *

Delightful Beverages.

The ales, porter and lager beer, bottled by M. Bell, and delivered daily in all parts of the city, are unexcelled for purity and briskness. It is the universal opinion that as a tonic or as a beverage his ales etc. have no superior. The prices are unusually low, and perfect satisfaction is guaranteed. Strongly recommended by the medical profession. *

ELECTION—TUESDAY, NOVEMBER 5TH.

—The NEWS is a Democratic newspaper—

—Party dissensions ensure our overthrow—

—Party organization is our only rescue from Radicalism—

THE Metropolitan District of the State will vindicate its Democracy to-day.

—The NEWS believes that party organization is essential to party success—

—The NEWS supports openly and boldly the nominees of the Democratic party—

A vote against Joe Davis to-day is a vote to disorganize the Democratic party—

THE people are for Joe Davis—a pure, honorable, highminded gentleman—He will be elected—

—The NEWS believes that the caucus system is an indispensable usage of the Democratic Party—

—The only hope of the Republican party to vitalize its carcass is division in the Democratic party—

—The NEWS, therefore, treats Independent candidates as avowed enemies to the Democratic party—

—Every member of the Democratic party must yield implicit obedience to its dictates—subordinating all personal ambition to its welfare—

The public will be pained to learn of the illness of our distinguished townsman, Hon. B. F. Moore.

IF the Democratic party does its duty to-day in the Metropolitan District—Joe Davis will be elected by 2,000 majority.

THE election of Capt. Kitchen in the 2nd District to-day would be a glorious achievement. We are not without hope in that direction.

IT transpired late yesterday that the candidacy of Gen. Jones was a ruse. Turner will receive the solid Republican vote. Democrats are admonished of the danger.

WITH its accustomed enterprise the NEWS will spare no pains or expense in collecting and printing the latest election news to-day. Early in the night it hopes to bulletine the official vote of this county.

The outlook in the State to-day is all that could be desired. Should the gallant Captain Kitchen "get away" with the Second District, North Carolina will send a solid delegation to the 46th Congress.

After a lingering and painful illness of many months, Mrs. Vance, wife of Governor Vance, died in this city Sunday last. The deeply afflicted husband and family have the profound sympathy and condolence of the people throughout the State.

The disability which compels Senator Ransom to abstain from public speaking is a matter of anxious concern to the people in the State. Conspicuous in the hearts and affections of his people, they will hear with sincere pleasure that Senator Ransom has taken the stump. He spoke at Greenville, Pitt county, yesterday. The *Express* says: "The General is one of the best speakers in the whole South, and his speech will well repay considerable trouble and expense to hear it. We hope to see a large crowd here to welcome and do honor to this able and patriotic statesman, and our distinguished Senator."

The accomplished editor of the *Newbernian* places a just estimate upon the high character and valuable services of Jessie J. Yeates, when it says, "there is no more gallant, useful, honorable leader in the field than Major Yeates. His record is one of which any constituency may be proud. Amiable and clever, always accessible to the necessities and demands of his countrymen, his time and his talents are prodigally employed in building up and forwarding the interests of Eastern North Carolina"

The NEWS feels a deep concern in the election of Mr. Yeates, and shall rejoice with his many friends throughout the State over the brilliant victory this day will bring him.

To-Day's Work.

The elections to-day will determine the relative strength of the political parties in the next House of Representatives; will choose State officers, partially or entirely, in many of the States, and in several States the legislatures elected will select United States Senators. Colorado, Indiana, Iowa, Maine, Ohio, Vermont and West Virginia have already held their elections for Representatives in Congress. California does not choose until September, 1879. The remaining thirty States make up their delegations to-day. Governors will be chosen in Connecticut, Deleware, Kansas, Massachusetts, Michigan, Nebraska, Nevada, New Hampshire, Pennsylvania and Texas. In Connecticut, Florida, Illinois, Kansas, Louisiana, Missouri, Nevada, New Hampshire, New York, South Carolina and Wisconsin the legislatures chosen will each elect a United States Senator.

Some of the States will hold extraordinary elections: As in the case of the third Vermont Congressional District, in which no candidate received the necessary majority in the September election. Louisiana will fill the vacancy in the present Congress, caused by the death of Representative John E. Leonard. Nebraska will hold a similar election for the district formerly represented by Mr. Welch, and New York will send a representative to fill the position vacated by the death of Mr. Terence J. Quinn. The death of Senator Lewis V. Bogy will also make it necessary for the new Legislature of Missouri to choose some one in his place, as well as to elect a Senator for the full term. If the present determination of the Iowa Democrats and Greenbackers to hold an election of their own to-day on the ground that the September election was illegal be carried into effect, there will be thirty-one states instead of thirty from which returns will be received.

What Does This Mean.

A private circular of the following import was sent to the NEWS office late yesterday evening by a gentleman residing in New Light township, Wake county:

"WHO SHALL BE THE DEMOCRATIC NOMINEE, MERRIMON OR VANCE?

Shall Merrimon be turned out to make another place for Gov. Vance?

If you prefer Merrimon for Senator, vote for him!

Do not vote "Uninstructed," but vote for Merrimon.

This is Merrimon's home County, let his fellow-county-men vote for Merrimon."

This paper we are informed was mailed at the Raleigh office on Saturday last, and has been widely circulated in Wake county. Further information reaches us to the effect that a similar paper was printed at the Register office in this city late yesterday evening. What does this mean? By whose authority is it printed and circulated? Believing it to be detrimental to the Congressional canvass, the Central Executive Committee of Wake county, by publication in the city papers last Friday, revoked the resolution adopted by the County Convention last summer, ordering a primary election for the purpose of instructing the county representatives in the Senatorial election this winter. The committee advised such Democrats as might participate in the primary election to-day to vote "UNINSTRUCTED."

Who is it that defies the authority of the committee and seeks to defeat the election of Mr. Davis?

Who is it that advises Democrats *not* to vote "uninstructed" but to vote for Merrimon?

The 46th Congress.

From the very best data available the next House will stand as follows.

Democrats	172
Republicans	105
Greenbackers, Nationals, etc	16
Democratic plurality	67

To-days election, it is believed, will not change these figures more than five either way.

A Word More as to the Plague.

New York Tribune.

With the coming of frosts the reign of the plague was virtually over. The cold weather usually is fatal to those already attacked, and the slightest exposure to frost brings a relapse even to convalescents, but there is no probability of any further increase of the disease. Up to the present date there have been about 12,000 deaths from it in all, about one-third the number of cases. This death rate, however, but faintly expresses the amount of suffering, loss and absolute want entailed by the scourge. Yellow fever, differs from any other plague in that it requires for its cure the desertion of homes and cessation of business in the community in which it appears. The actual deaths in the South, great as was the suffering which they produced, were almost overbalanced by the disaster induced by want of employment, panic, and the loss of home, clothes and food to the great mass of the poorer classes. The terrible story has its bright side, as we all know. The hearts of the whole Nation have been roused to brotherly sympathy by this sudden blow; it has done more to dispel the rancor and hatred of the war than half a century of ordinary events would have done; Northerner and Southerner have been forced to look each other in the face, as man to man, and are not likely soon to forget what they saw there. No man mistakes the meaning of a sermon when Death is the preacher. We can count no events as absolute disaster, which summons a whole people to show themselves in their noblest character, and offers in its record the history of so many martyrs, men and women, who threw themselves into the deadly breach, and whose names only God knows and has counted.

Fondness for City Life.

Employment seekers do not want to go into the country. A "universal and almost insurmountable objection" to accepting an engagement there prevails and no matter how badly the applicants need work they "revolt at the idea" of going beyond the city limits to perform it. It is a new illustration how much the sentimental and ideal elements have to do with life. The work in the country would be as well paid, in most cases, as that of the city, and it would provide for the material wants, but the pleasure of society, the changed variety and sparkle of existence in a city, are attraction entirely too brilliant to be compared with mere bread and butter considerations.

AND WAS CURED.

DELAWARE, O., Feb. 16, 1877.

MR. H. R. STEVENS:—

Dear Sir,—I wish to give you this testimony, that you may know, and let others know, what Vegetine has done for me. About two ears ago a small sore came on my leg; it soon became a large Ulcer, so troublesome that I consulted the doctor, but I got no relief, growing worse from day to day. I suffered terribly: I could not rest day or night; I was so reduced my friends thought I would never recover. I consulted a doctor at Columbus. I followed his advice: it did no good. I can truly say I was discouraged. At this time I was looking over my newspaper; I saw your advertisement of Vegetine. the "Great Blood Purifier," for cleansing the blood from all impurities, curing Humor Ulcers, &c. I said to my family I will try some of the Vegetine. Before I had used the first bottle I began to feel better. I made up my mind I had got the right medicine at last. I could now sleep well nights I continued taking the Vegetine. I took thirteen bottles. My health is good The Ulcer is gone and I am able to attend business. I paid about four hundred dollars for medicine and doctors before I bought the Vegetine. I have recommended Vegetine to others with good success. I always keep a bottle of it in the house now. It is a most excellent medicine

Very respectfully yours,
F. ANTHONI.

Mr. Anthoni is one of the pioneers of Delaware, O. He settled here in 1834. He is a wealthy gentleman, of the firm of F. Anthoni & Sons. Mr. Anthoni is extensively known, especially among the Germans. He is well known in Cincinnati. He is respected by all.

IMPURE BLOOD—In morbid conditions of the blood are many diseases; such as saltrheum, ring-worm, boils, carbuncles, sores, ulcers and pimples. In this condition of the blood try the Vegetine, and cure those affections. As a blood purifier it has no equal. its effects are wonderful.

CURED HER,

DORCHESTER, MASS., June 11.

DR. STEVENS:

Dear Sir,—I feel it my duty to say one word in regard to the great benefit I have received from the use of one of the greatest wonders of the world: it is your Vegetine. I have been one of the greatest sufferers for the last eight years that ever could be living. I do sincerely thank my God and your Vegetine for the relief I have got The rheumatism has pained me to such an extent, that my feet broke out in sores. For the last three years I have not been able to walk; now I can walk and sleep, and do my work as well as ever I did, and I must say I owe it all to your blood purifier, Vegetine.

A CERTAIN AND SPEEDY

CURE FOR SCROFULA.

FACTS ARE STUBBORN THINGS!

A BRIEF HISTORY:

The following is from the Raleigh News, and was a voluntary insertion and not an advertisement:

"Years ago an old Indian left a receipt for curing Scrofula with Mrs Person's father-Mrs. Person lives in Franklinton, or in that section. A child was born to Mrs. Person, and it had the Scrofula. The doctors gave it up to die. She thought of that receipt, that was now old and musty, and hid away in an upstairs drawer. She concluded if the child was bound to die, it wouldn't hurt to follow that receipt. She went out and gathered the herb, got the whiskey, and did as directed to the child. Her child now lives well and hearty. More than this: Only a few months since a South Carolinian, whose name has slipped us, was suffering with some scrofulous affection on the heel. He had been to the Hot Springs in Arkansas, and from there he went to Kittrell Springs. Not ing did him any good. At Kittrell's they told him of Mrs. Person's recipe, and Dr. —— wrote to Mrs Person if she cured that South Carolinian her receipt was worth money. And the South Carolinian sent her word if she cured him he would give her five hundred dollars. She sent him directions what to do, and added if they cured him he could send her twenty-five dollars; she wouldn't ask five hundred. The South Carolinian went home, and shortly afterward sent Mrs. Person a check for twenty-five dollars, and wrote the most grateful letter he knew how. Bless th se old Indians. We would like to have one for a near neighbor."

UNEQUALLED AS A BLOOD PURIFIER.

MRS JOE PERSON:

The medicine I purchased of you last winter proved of lasting benefit to my son, who was troubled with twenty-five running sores, some of them quite large, and of a scrofulous nature. In less than three weeks after commencing the use of your remedy, he was perfectly restored, and is to-day quite sound and healthy. AS A TONIC AND BLOOD PURIFIER IT HAS NO EQUAL. Hoping that you may be spared for many years of usefulness, I remain,
Very respectfully,
T. J. STOKES.

Louisburg, N. C., May 22, '78.

AS A TONIC AND ALTERATIVE

Being desirous of adding my testimonial to others, concerning the merits of Mrs. Joe Person's Remedy for Scrofula, I take pleasure in saying that as a tonic and alterative I do not think it has an equal. I have fairly tested it, and after trying Vegetine, Sarsaparilla, Vinegar Bitters, and various other remedies, I have no hesitation in pronouncing it far superior to any TONIC I have ever used. When I commenced using Mrs Person's Remedy I was very weak, complexion sallow, and now I am WELL,
he pectfully your friend,
MRS. L. L. BROWN.

THREE CHILDREN IN THREE WEEKS.

CASTALIA, N. C.

MRS JOE PERSON:

Dear Madame—Your letter has been received, and on account of being absent from home for a week or two, have not had the opportunity to answer it. I certainly will take great pleasure in doing all that is within my power towards getting you patients for treatment of Scrofula. I hardly know how to express my gratitude to you for curing my three little children. They took medicine from my family physician for about two years, with scarcely any relief at all. I tried your remedy, and in less than three weeks they were all perfectly cured, and have never shown any sign of breaking out again. I feel very thankful to you. I can safely say that I believe your remedy to be a certain cure for Scrofula. If I can ever be of any service to you in any way, I want you to be sure and call on me. Yours truly,
WM. H. ARRINGTON.

"It will Cure if Fairly Tested."

It gives me much pleasure to be able to state that I have derived an effectual cure of scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returned from the Institute I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spiritedness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience, and not from hearsay. I am a grateful recipient of a cure from the use of it and I am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice.

I am, respectfully,
JAMES A. MORRIS.
KITTRELLS, N. C.

My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general Tonic and Blood Purifier, it is everywhere giving perfect satisfaction. While my experience with it is too limited for me to specially recommend it for other diseases, I believe it will ultimately prove to be of benefit in all cases arising from impurity of the blood and probably for other diseases.

A CASE OF CANCER.

FAYETTEVILLE, N. C., Aug. 2, 1878.

MRS. JOE PERSON:

Dear Madam—I have been using your Remedy for Scrofula over five months as an experiment for cancer. The cancer is of long standing, the doctors have been treating it, more or less, for twelve years. It has taken off my upper lip and a good part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine seemed to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me.

For more than a year before using your medicine, I was troubled very much with a disease of the heart, an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart disease to try your medicine. As a Tonic and Alterative, I do not think it has any superior. I have been using all the most powerful Alteratives known to the medical profession for the last 12 years and I know of none superior to this. I think your medicine is destined to be a great blessing to the afflicted. Let every one that needs a Tonic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and Respectfully,
JOHN BUIE, Box 141,

——A negro was put in jail yesterday, for failure to pay costs at the Mayor's court.

——The capitol was closed yesterday, as a mark of respect for the death of the wife of the Governor.

——The excavation for the sewer from the postoffice to Rocky Branch has reached its greatest depth, 23 feet, in front of the Battle place, on Fayetteville street. The work is being pushed vigorously, and the foreman says will be completed early in December. A Break Down.

Yesterday morning, as the early "shoo-fly" train, on the N. C. Railroad, was on its way to Goldsboro, one of the connecting rods of the driving wheels broke and the engine stopped. In this plight it remained until an engine was run down from the depot and pulled the cars back. The disabled engine was then taken back to the depot. A fresh engine took the cars down.

Political Pandemonium.

The wild africans gathered at Metropolitan Hall last evening, not in great numbers, but the crowd was unexcelled for rowdyism. The first speaker was Wiley D. Jones, who put forward his claims. He was followed by Geo. Lane, the east Raleigh leader, who attempted to speak for Turner, but was yelled down. After him came Moses A. Bledsoe, who advocated Jones, or rather attempted to, for Lane's friends sat down him to get even with the anti-Turner crowd, who had cried down their man. The rest of the affair was a mere farce.

The Board adjourned until Friday night, at 7½ p. m.

SUNDAY SCHOOL CONVENTION.

The Last Day--Visiting City Sunday Schools and Churches--The Penitentiary Sabbath School--Mass Meeting of Schools --Evening Exercises.

Though the real work of the Sunday School Convention ended on Saturday evening, still there were so many exercises during Sunday, that it ought, rightly, to be deemed the closing day. At the early hour of 8 30 a. m. a number of the delegates and others assembled at the session room of the First Presbyterian Church, where a special prayer meeting was held. This was brief.

At its conclusion the various Sabbath schools of the city were visited, the delegates having been specially invited to attend these. The churches were next visited.

At 3 p. m, on special invitation, the delegates and friends went out to the Penitentiary, to witness the workings of the Sunday school there. On arrival they found the spacious room which serves the purposes both of a dining hall and chapel, well filled with about 300 convicts. The services were conducted by Mr. A. M. McPheeters, the Superintendent. They consisted of addresses by Mr. E. Roberts, of Brooklyn, N. Y., Mr. C. G. Yates, of Greensboro, and Rev. G. S. Jones, of Wilmington. These were interspersed with prayers and songs, in which the convicts joined heartily. The singing of the prisoners was really fine. The service lasted forty five minutes.

The party then returned to the city, and on arrival went to the Salisbury street Baptist Church, where the grand mass meeting of the Sabbath schools was held, beginning at 3.30, The large auditorium of the building was filled by a great and deeply interested crowd. The meeting was opened by Prof. Burwell, President of the Convention. After a song and a prayer interesting addresses were delivered by Messrs. W. S. Primrose, C. G. Yates, of Greensboro, H. A. Gudger, Prof. W. C. Kerr, and Rev. J. D. Huffham. Mr. Primrose gave some blackboard exercises, showing their value as an aid to teachers in illustrating their work.

This service proved the most interesting of all, by reason of the great number present and the spirit with which the exercises were conducted. The vocal and instrumental music was notably fine.

Dr. Pritchard being ill, there were special services held at the Salisbury street church at 7.30 p. m., supplying the place of the regular exercises. The exercises were opened by singing and prayer, after which there was a responsive service, led by Rev. G. S. Jones, of Wilmington, lasting fifteen minutes. The meeting was next addressed by Col. L. L. Polk, Mr. Poteat, of Wake Forest College, Mr. E. Roberts, of Brooklyn, and Rev. G. S. Jones, of Wilmington. This meeting was very largely attended, and great interest was manifested in its exercises. It was closed by the singing of the Doxology, after which the Benediction was pronounced, and the First Annual Convention of North Carolina Sunday Schools came to a close

Death of Mrs. Vance.

After a most painful and lengthy illness, the beloved wife of Governor Vance passed from earth on Sunday afternoon, at his residence on Fayetteville street at about 5 o'clock. Though not entirely unexpected, yet her death was in some sense a surprise, as she had but recently rallied sufficiently to permit her being brought here to her new home. The sad fact of her demise was not generally known, and numbers of persons here were even on yesterday unaware of it. Immediately after her death preparations were made for the removal of the body to Asheville, at which point they are to be interred. During the day, yesterday, many of the kind hearted ladies of the city brought or sent quantities of beautiful flowers, while friends offered their services. Arrangements were made for special car to convey the remains and attendants to Asheville.

At 5 p. m. yesterday the funeral procession took up its way from the mansion. In front was a carriage containing Revs. R. Burwell and J. M. Atkinson D. D. After this came the hearse, which bore the casket. This was almost hidden by many flowers contributed and made into beautiful shape by tender hands. The casket was placed in the hearse by the following pall bearers: Chief Justice W. N. H. Smith, Maj. W. H. Bagley, R. H. Battle, Jr., Esq., E. R. Stamps, Esq. Mr. A. M. McPheeters, Mr. H. A. Gudger, Maj. Tucker and Col. L. L. Polk. On arrival at the Central Depot the casket was placed in a special car, in which Gov. Vance, Miss Baird, of Asheville, Capt. C. N Vance and cadet Robert Vance, of the family, and Misses Lavine Haywood and Placidia and Rosabelle Englehard, lady attendants, took seats, These were accompanied by Rev. J. M. Atkinson, D. D. Mr. H. A. Gudger, Maj. R. S. Tucker and Col. L. L. Polk.

The train left soon after 5 o'clock, and reaches Salisbury at 7 o'clock this morning. From this point a special train is taken for Asheville, which place will be reached at 3 o'clock this afternoon. The funeral services will be performed by Rev. Arnold W. Miller, D. D., pastor of the First Presbyterian church at Charlotte, assisted by Dr. Atkinson.

In this connection a brief sketch of the beloved and estimible lady who has departed, may with propriety be given. Harriet Newell Espy Vance was the daughter of Rev. Taomas Espy, pastor of the First Presbyterian church at Salisbury, and was born in that town July 11th, 1832. She was married to Gov. Z B. Vance, at Morganton, August 3rd, 1853, and died in Raleigh November 3rd, 1878. The life of Mrs. Vance was ever one of piety and she was a faithful and earnest member of the Presbyterian church, in which she did a multitude of good works.

Our Buyer.

It is very difficult for a merchant to make a trip to New York, buy goods cheap, and return immediately. For this reason Law's China and Silverware establishment (Raleigh and Charlotte, N. C,) has a buyer constantly on hand in New York picking up crockery, glassware, or anything in their line cheaper than regular prices. Greater inducements are offered now in sterling silver plate than ever before. *

Having this day sold our Livery and Omnibus line to O'Kelley & Baker, we will give our personal attention to the sale of horses and mules, and will keep a first class boarding stable. Our stables will be open day and night, and especial attention given to transcient and monthly bosrders!

Thankful for the patronage so liberally bestowed heretofore, we trust by strict attention, to merit a continuance of the same in our sale and boarding stables.

NO GRAND PRIZES were awarded for SPOOL Cotton, at Paris.

Messrs. J & P. Coats have established in Pawtucket, R. I., the largest Spool Cotton Mills in the United States. Every process of manufacture, from the raw cotton to the finished spool, is conducted there. Their American-made Spool Cotton took the award at the Centennial; and while they have never claimed special merit for their American-made Spool Cotton over that manufactured in their Scotch Mills, we have the satisfaction of announcing that they have so identified themselves with this country, that
